**Board Name**      **North Carolina Child Fatality Prevention Team**

---

**Department**    Health and Human Services

**Purpose**      The General Assembly finds that it is the public policy of this State to prevent the abuse, neglect, and death of juveniles. The General Assembly further finds that the prevention of the abuse, neglect, and death of juveniles is a community responsibility; that professionals from disparate disciplines have responsibilities for children or juveniles and have expertise that can promote their safety and well-being; and that multidisciplinary reviews of the abuse, neglect, and death of juveniles can lead to a greater understanding of the causes and methods of preventing these deaths. It is, therefore, the intent of the General Assembly, through this Article, to establish a statewide multidisciplinary, multiagency child fatality prevention system consisting of the State Team established in G.S. 7B-1404 and the Local Teams established in G.S. 7B-1406. The purpose of the system is to assess the records of selected cases in which children are being served by child protective services and the records of all deaths of children in North Carolina from birth to age 18 in order to (i) develop a community wide approach to the problem of child abuse and neglect, (ii) understand the causes of childhood deaths, (iii) identify any gaps or deficiencies that may exist in the delivery of services to children and their families by public agencies that are designed to prevent future child abuse, neglect, or death, and (iv) make and implement recommendations for changes to laws, rules, and policies that will support the safe and healthy development of our children and prevent future child abuse, neglect, and death.

**Board Name**      **North Carolina Rules Review Commission**

---

**Department**    General Assembly

**Purpose**        To review the rules of all agencies subject to the NC Administrative Procedure Act (APA) to determine that the rulemaking agency has the authority to enact the rule, that the rule is clear and unambiguous, that the rule is necessary, and that the rulemaking agency followed the correct procedure in promulgating the rule. Most state agencies are subject to the review. The major exceptions are the Utilities Commission, the Industrial Commission, the Employment Security Commission, and (generally speaking) the Departments of Correction and Revenue.

**Department**   Public Instruction

**Purpose**      The Commission shall evaluate all textbooks offered for adoption.  
Each proposed textbook shall be read by at least one expert certified in the discipline for which the textbook would be used. The Commission may use external experts if no Commission member or advisory committee member qualifies as an expert certified in a particular discipline.

The Commission may consider any review of a proposed textbook by other experts certified in the discipline who are not involved in the textbook adoption process. However, these reviews may not substitute for the direct examination of the proposed textbook by a Commission member, an advisory committee member, or any other expert retained by the Commission.

Each member shall examine carefully and file a written evaluation of each proposed textbook for which the member is responsible. The evaluation report shall give special consideration to the suitability of the textbook to the instructional level for which it is offered, the content or subject matter, whether the textbook is aligned with the Standard Course of Study, and other criteria prescribed by the Board.

Each evaluation report shall be signed by the member making the report and filed with the Board not later than a day fixed by the Board when the call for adoption is made.
